

1. The first group of respondents (n = 10) was interviewed in the first half of 2006. The second group (n = 10) was interviewed in the second half of 2006. The third group (n = 10) was interviewed in the first half of 2007. The fourth group (n = 10) was interviewed in the second half of 2007. The fifth group (n = 10) was interviewed in the first half of 2008. The sixth group (n = 10) was interviewed in the second half of 2008. The seventh group (n = 10) was interviewed in the first half of 2009. The eighth group (n = 10) was interviewed in the second half of 2009. The ninth group (n = 10) was interviewed in the first half of 2010. The tenth group (n = 10) was interviewed in the second half of 2010. The eleventh group (n = 10) was interviewed in the first half of 2011. The twelfth group (n = 10) was interviewed in the second half of 2011. The thirteenth group (n = 10) was interviewed in the first half of 2012. The fourteenth group (n = 10) was interviewed in the second half of 2012. The fifteenth group (n = 10) was interviewed in the first half of 2013. The sixteenth group (n = 10) was interviewed in the second half of 2013. The seventeenth group (n = 10) was interviewed in the first half of 2014. The eighteenth group (n = 10) was interviewed in the second half of 2014. The nineteenth group (n = 10) was interviewed in the first half of 2015. The twentieth group (n = 10) was interviewed in the second half of 2015. The twenty-first group (n = 10) was interviewed in the first half of 2016. The twenty-second group (n = 10) was interviewed in the second half of 2016. The twenty-third group (n = 10) was interviewed in the first half of 2017. The twenty-fourth group (n = 10) was interviewed in the second half of 2017. The twenty-fifth group (n = 10) was interviewed in the first half of 2018. The twenty-sixth group (n = 10) was interviewed in the second half of 2018. The twenty-seventh group (n = 10) was interviewed in the first half of 2019. The twenty-eighth group (n = 10) was interviewed in the second half of 2019. The twenty-ninth group (n = 10) was interviewed in the first half of 2020. The thirtieth group (n = 10) was interviewed in the second half of 2020. The thirty-first group (n = 10) was interviewed in the first half of 2021. The thirty-second group (n = 10) was interviewed in the second half of 2021. The thirty-third group (n = 10) was interviewed in the first half of 2022. The thirty-fourth group (n = 10) was interviewed in the second half of 2022. The thirty-fifth group (n = 10) was interviewed in the first half of 2023. The thirty-sixth group (n = 10) was interviewed in the second half of 2023. The thirty-seventh group (n = 10) was interviewed in the first half of 2024. The thirty-eighth group (n = 10) was interviewed in the second half of 2024. The thirty-ninth group (n = 10) was interviewed in the first half of 2025. The fortieth group (n = 10) was interviewed in the second half of 2025.
